# Common questions

## Why is my dentist recommending

### Dr. Grieve?

Dr. Grieve is the most experienced orthodontist in Lane County. By providing the highest-quality treatment using the latest and most comfortable technology in orthodontics, he's committed to excellence and looks forward to meeting with you at our state-of-the-art office.

### What else should I know about Dr. Grieve?

Dr. Grieve is known as the coolest orthodontist and has the coolest office in town with amenities for the whole family including a free video arcade room, free wi-fi, and complimentary coffee, tea, hot chocolate, and bottled water.

Throughout Dr. Grieve's office you will find an attention to detail and a dedication to excellence in treatment that's unsurpassed. Our office is customer service oriented, efficient, centrally-located for you and your family. Dr. Grieve offers services for adults, teenagers, and young children.

### Where is Dr. Grieve's office?

Dr. Grieve's office is located near Valley River Center on Willagillespie Road. There's a map on this page to help you find us.

### What will happen at my visit?

Your visit will consist of a thorough examination and discussion of the best treatment options.

### How much will my visit cost?

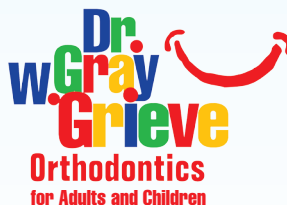

As a courtesy to you and your dental team, this introductory visit is complimentary. We're sure you will enjoy a good relationship with Dr. Grieve and his staff.

### Will I need orthodontic care?

Dr. Grieve emphasizes the need for comprehensive adult and adolescent care to correct existing bite and smile problems as well as early pre-adolescent care to *prevent* future problems like the need for tooth extractions. He'll discuss all your options with you.

### What do I need to do?

Just call Dr. Grieve's office at 484-1877 today and schedule your free consultation.
